

# Permaculture Design Fee Structure

Land Size (S)	Design Fee
S < 3,000 sft	\$2,500 **
3,000 sft < S < 5,000 sft	\$3,500 **
5,000 sft < S < 10,000 sft	\$4,500 **
10,000 sft < S < Half Acre	\$5,500 **
Half Acre < S < 5 Acres	\$6,500 **
5 Acres < S < 10 Acres	\$9,950 **

\*\* The above figures are approximations of our design fees. The actual design fee should be calculated for each individual project, based on the complexity of the land and clients' desires as well as other factors, including but not limited to land's ownership situation and number of stakeholders/right-holders.

More complexity results in higher design fees.

## **Our designs include:**

- 1) Construction plans
- 2) Presentation design
- 3) Detailed plant placement chart
- 4) Recommended nurseries to purchase from
- 5) Thorough recommendation on a phased execution plan based on budget and natural progression of the Permaculture design

## **We also offer:**

- 1) Referral to our trusted landscapers with aligned values and knowledge of Permaculture (Free of charge based on clients' request)
- 2) Overseeing implementation (project planning and execution)
- 3) Annual maintenance services

And so much more, depending on the needs of the project!
